The Senate Committee on Foregin Affairs will report favorably on the appointment of Mr. Hoffman as Secretary of Legation to Paris.

The report of the board appointed to examine the breech loading arms, is published. The conclusions are that all arms in the service should be fitted for the same cartridge, and that Col. Berdan's plan of alteration should be adopted. They are unable to recommend any of the breech loaders presented for examination. The Spencer mend any of the breech loaders presented for examination.
